### **3x the celebrating in 2020**

Three important anniversaries take place this year:

- **J.N. “Ding” Darling National Wildlife Refuge** celebrates 75 years.
- **Anne Morrow Lindbergh’s *Gift from the Sea*** was written 65 years ago.
- **Cape Coral**, the largest city in Lee County, is celebrating the 50th anniversary of its incorporation.

It’s hard to imagine this destination without J.N. “Ding” Darling’s vision to preserve the fragile wetlands of Sanibel Island. In 1945, with concern for the wildlife and wetlands that claimed most of Sanibel Island, Darling succeeded in petitioning for the creation of the Sanibel National Wildlife Refuge.

Sanibel National Wildlife Refuge later became J.N. “Ding” Darling National Wildlife Refuge. In his honor, and to celebrate its 75 years, the refuge will present a calendar full of special events leading up to the official anniversary date, Dec. 1, 2020.

Highlights of the anniversary season include a revamped exhibit that focuses on the important work of Jay Norwood “Ding” Darling, a Pulitzer Prize-winning editorial cartoonist and conservationist; Clyde Butcher photography exhibition; one-of-a-kind 75th logo and “Ding” cartoon items in the Refuge Nature Store; [\*Project Refuge: A Couture Fashion Show Using Trash\*](#); and other unique programs. Check the full schedule at [ding75.com](http://ding75.com)

### **Anne Morrow Lindbergh’s *Gift from the Sea***

It was on Captiva Island that Anne Morrow Lindbergh enjoyed a break from the obligations of family and career. Like many of us, she found peace and solitude as she walked the shores on Captiva. Using the shells on the beach for inspiration, she reflected on the life of the American woman in the middle of the 20th century. Those same reflections resonate today.

A groundbreaking, best-selling work when it was originally published in 1955, *Gift from the Sea* continues to be discovered by new generations of readers. According to Publishers Weekly, the book was the top nonfiction bestseller in 1955, has sold 3 million copies and has been translated into 45 languages.

### **Cape Coral celebrates 50 years**

The city of Cape Coral is celebrating the 50th anniversary of its incorporation in 1970. Throughout the year, Cape Coral and Cape Coral Historical Society and Museum will honor its unique history, diversity and those who laid the foundation for incorporation.

#### **Planning ahead: Turtle nesting season**

Each summer, loggerhead sea turtles travel hundreds of miles to return to our Florida coastline beaches. Most adult loggerheads nest every year, laying several clutches of eggs. Turtle nesting and hatching season begins May 1 and lasts through Oct. 31. Unfortunately due to human actions, coastal development, loss of habitat, pollution, artificial lights, shrimp nets or boating related accidents, sea turtles are facing extinction. Lee County Visitor & Convention Bureau and Turtle Time, Inc. are committed to protecting our endangered marine turtles. Help protect our sea turtles by following a few basic turtle-friendly rules. For a complete list of rules and more sea turtle information, visit [turtletime.org](http://turtletime.org)
